Well, the 4th of July celebration is another birthday for the United States. It is a day when we remember the brave men and women who fought for our freedom. It is a day when we are reminded of the sacrifices that have been made for our country. It is a day when we are reminded of the responsibilities that we have as citizens of this great nation.

It is a day when we are reminded of the need for unity and cooperation. It is a day when we are reminded of the need for peace and harmony. It is a day when we are reminded of the need for justice and fairness. It is a day when we are reminded of the need for love and compassion.

It is a day when we are reminded of the need for faith and hope. It is a day when we are reminded of the need for courage and strength. It is a day when we are reminded of the need for wisdom and understanding. It is a day when we are reminded of the need for kindness and gentleness.

It is a day when we are reminded of the need for humility and meekness. It is a day when we are reminded of the need for patience and endurance. It is a day when we are reminded of the need for perseverance and determination. It is a day when we are reminded of the need for integrity and honesty.

It is a day when we are reminded of the need for loyalty and devotion. It is a day when we are reminded of the need for respect and honor. It is a day when we are reminded of the need for honor and glory. It is a day when we are reminded of the need for power and influence.

It is a day when we are reminded of the need for wealth and riches. It is a day when we are reminded of the need for fame and reputation. It is a day when we are reminded of the need for power and influence. It is a day when we are reminded of the need for love and compassion.

NEW TECHNIQUE USED BY S. B. FLYING SERVICE

The South Bay Flying Service, owned by Bob Roberts, was called to Fort Lauderdale last weekend in an effort to control the mosquito that has invaded Broward County in the past two weeks.

Roberts new technique in aerial spraying, which uses a heavy concentration of spray and powder is applied close to the ground, is more costly but proves more effective than the previously used in that area. Spraying was concentrated around the Hiway Drive-In Theatre at Fort Lauderdale and Denia Drive-In. Although rain interfered Saturday, the job was completed Sunday, bringing comments from the management of the two theatres that the technique used was successful.

Pilot Troy Galus and mechanic William E. Ponder of the South Bay Flying Service assisted Mr. Roberts in the dusting program.

REGULAR VIOLATOR RUMS

FOUL OF LOCAL POLICE

IS HEADED FOR "KEEPS"

Jessie Walker has been an intermittent guest of various local police throughout Florida as a "wine head" and several times for strictly fingered operations, having acquired this record in a sort of haphazard manner as necessary to his normal life.

When things got sort of dull with him around Belle Glade he forced the rear door of the Little Harlem Bar, after removing some screws filled up with the "best in the house," rifled the cash drawer of its contents—\$55 and a money order for \$83.

Jessie put the screws which had been removed from the door in his pocket, pushed the cash and money into another pocket, took another swing and home to bed.

Our local police started looking around and checking suspects with the result that a "tip" from a passerby led them to Jessie's room where he was sleeping.

When all the loot was found in his pockets and in the room, Jessie was a goner for the local "Hotel De Ville" as a working customer. The bad thing for Jessie, however, was when the fingerprints were done and the FBI contacted it was found that Jessie had a habit of running foul of the law. He had served five years for forgery and larceny, and had frequented several jails, for various lesser offenses.

The judge may not change Jessie's habits materially, but he will slow them down for a while. Breaking and entering was the result that a "tip" from a passerby led them to Jessie's room where he was sleeping.

Efficient police work—give them credit for the "passerby" and for the prompt and thorough which followed. Sergeant Vern Clark and Sergeant Ira Isaac Davis were the officers who worked the case up and reported Jessie for safe keeping.

JUDGE ROBBINS IN LINE FOR PRESIDENCY OF FLA. COUNTY JUDGES GROUP

The new laws passed at this year's session of the State Legislature affecting the work of 68 county judges in Florida will be the main topic of the regular summer meeting of the Florida Judicial Association, which will be held at the Key Colony, Marathon Shores.

The group's Legislative Representative, James C. Cwynn, Tallahassee, will be present to help analyze and discuss recent state laws which have a bearing on the activity of county judges.

Judge Richard T. Robbins of the Palm Beach County, president-elect of the group, is president-elect and will conduct the meeting.

President Judge Victor Marchetti, of Orlando, Judge W. Troy Hall, Jr., of Lake County, is secretary of the group. A new slate of officers will be chosen at the three day convocation.

The summer meetings of the association usually feature many recreational and entertainment projects. At Key Colony, a few miles north of Marathon on the Florida Keys, the group will have at its disposal a swimming pool, two charter fishing boats, skiffs and outboard motors, and a golf course. There will be a golf driving range and putting green.

FLORIDA WILL HAVE FOUR MILLION IN 1960

The population of Florida will be approximately four million by 1960, according to a survey made by The B. F. Goodrich Company, Akron, Ohio.

This will represent an increase of 1,300,000 over the 1950 census, or a population gain of 44 percent, one of the highest in the nation, it is estimated by the rubber company's business research department.

In the same population study, it is estimated that U.S.A. population by 1960 will reach 175,500,000, an increase of 23,822,000 over 1950, and a growth of about 15 percent.

FAST DRIVING ON THE FOURTH IS DANGEROUS

The State Highway Patrol this week issued an appeal for safe and careful July 4 driving to reduce what is already a record Florida traffic death toll list.

Because the celebrated day falls on Saturday this year, there will actually be a shorter than last year's 4-day weekend and 12 persons lost their lives in traffic mishaps.

However, Commander H. N. Kirkman warns that just as many persons might lose their lives in a shortened holiday weekend because they will try to pack so much celebrating into such a short time.

Kirkman said it was safe to assume that there will be accidents with probable casualties, but misery and sorrow can be minimized by a safe approach to the day when we are supposed to celebrate our independence, not mourn on Monday at a funeral.

Over the Independence Day weekend last year, which started late Wednesday and lasted until Sunday—12 persons lost their lives. The 1953 weekend will be much shorter, but Saturday and Sunday each is a day heavily infested with accidents, so we need to take extra precautions.

"Heavy holiday traffic and careless holiday spirit couple to make up responsibility for many deaths on every holiday," implored Kirkman, "let's celebrate in Florida a little differently this year, and do so Monday, July 6, by being thankful for the lives we saved."

MANGO FORUM SLATED FOR JULY 7-9 AT MIAMI

Mango enthusiasts will hold their 13th Annual Mango Forum in Miami July 8 at the Bayfront Auditorium. The event will feature a large exhibit of mangoes and all supplies used in their growing and marketing, presentation of practical and scientific papers, and tours to the Florida Sub-Tropical Experiment Station at Homestead July 7 and the University of Miami July 9.

Exhibits will include native and introduced mango varieties, mango products, mango nurseries, gift packages and supplies. The business session will be held Wednesday.

Mrs. Olga M. Kent, of Miami, is president of the Forum.

MR. AND MRS. RHODES HAVE BABY DAUGHTER

Mr. and Mrs. William Rhodes with their friends to know that a baby girl, Judith Lynn, has come to live with them and be their daughter. She is four months old.

Mr. and Mrs. Murray are living in Palm Beach this summer to be near the clinic. Mr. Murray drives to his business in Belle Glade daily.

SAGA PALMETTO PALM DEDICATED

At Rainbow Springs near Dunelton, Fla., the Executive Board of Florida Federation of Garden Clubs planted, and held dedication ceremony of the "Sage Palmetto Palm," recently by act of legislation, declared the official state tree.

Mr. and Mrs. Ivan Van Horn spent the weekend at Rainbow Lodge, where the meeting was held. Mrs. Van Horn attended as director of state district.

A number of hundreds of board members enjoyed the trip and seeing the springs. This was first board meeting under the new state federation president, Mrs. Eugene A. Smith, Ft. Lauderdale. Plans were made for next year's work.

An experiment in schedule of important events will be held at the State Convention and State Flower Show simultaneously in Orlando, March 30-31 and April 1, 1954.

There were more clubs federated from 6th district, which is the southeastern Florida section than from any other district.

Names of the clubs are: Travelers Palm—Jupiter; Sunset Miami—Garden Club of Little City—Homestead; Garden Club—Delray Beach; Evening Garden Club—Delray Beach; Seagrass—Delray Beach; Orchid—Delray Beach; Hibiscus—Delray Beach.

Two new clubs were presented for garden club: Palm Island Garden Club—Miami Beach and Boca Raton Garden Club—Boca Raton.

The next board meeting will be held October 18, in Dade City.

SIGNS OF LIFE

These are signs of life—and the life they save may be your own. Despite all efforts toward safety through the years, traffic deaths still total 35,000 a year. A terrible toll, one that every person who drives can help reduce.

It's no accident that telephone employees who operate cars and trucks are careful drivers. They're constantly trained in safety. The Bell System's safety course expresses it this way:

"No job is so important and no service is so urgent that we cannot take time to perform our work safely."

A SAFE PLACE TO WORK . . . A GOOD PLACE TO WORK
